PRODUCT CATALOG

Get to Know Our Company

We develop, produce, and market reagents and equipment for in-vitro diagnostic use. We supply our products to laboratories, hospitals, and clinics in Brazil and around the world, enabling better health and improving the quality of life for both humans and animals.

Thanks to our constant pursuit of excellence, we inaugurated a new factory in 2018, becoming one of the largest diagnostic industries in Latin America, and we continue to grow every day.

Commitment to Quality

Ensuring the quality of our products is our top priority, which is why we work with a careful process of customer service and quality control.

In this catalog, you will find information about our products from the Human and Veterinary Lines.

Feel free to contact our team to learn more.
